Land for construction in Calheta

Excellent land with house for construction located in Calheta, near the zone of Jardim do Mar. This calm zone is very famous because of the perfect sun exposure that it has all day and the amazing beaches that the zone offers.

The land has a total area of 1500m2 with the house in it. It has an amazing panoramic view to the sea and to the mountains.

The house is made of good quality materials and already has the construction for a pool.

It is an excellent investment and once it is finished it is a peace of paradise.
